Hey man, seeing you rocking out has really helped me, not just musically but personally. You have struck a spark in me towards my playing and my personal life, and I just want you to know that. Stay safe and keep rockin'. SOCIAL

## ABOUT US

Peter Dankelson is the inspiration and musician for Pete's Diary, which originally was a journal his Mom kept during his nearly 4month stay in the NICU. Peter was born premature with more than ten birth defects due to Goldenhar Syndrome. He is 19 years old and undergone 35 surgeries.

Peter found his passion for playing guitar at the age of 15 and used it to get through his toughest recoveries. He is a lover of blues and classic rock.

Pete's Diary now exists to help others realize that anything is possible with passion and a positive attitude.
